## **Public**

### **1. Introduction**

The Council is committed to operating consistent and equitable pay arrangements for all employees. To comply with the Equality Act 2010 male and female employees should generally receive the same level of pay if they are carrying out equivalent work. In order to achieve a pay structure free from gender bias the Council's pay rates are set in accordance with the scoring of roles under the Hay job evaluation scheme.

In exceptional circumstances, where the Council is able to demonstrate that recruitment and retention issues are impacting on service delivery, providing other non-pay related options have been explored and discounted, the payment of a temporary additional element of pay or pay incentive, paid in addition to basic salary may be justified. This should be supported with clear evidence that the Council's rate of pay for a defined post, or group of posts, falls below the required level in relation to the comparator market or evidence provided that a local or national skills shortage or difficulties with occupational groups is causing a significant risk to service delivery and that without an intervention, the Council cannot attract and retain suitably skilled employees. The type of payment and required level of pay supplement will be determined by the Council at the time, taking into account the relevant criteria for the type of payment requested.

This policy sets out the guiding principles for the consideration and approval of recruitment and retention payments. The policy will be reviewed after 12 months taking into account the national position and the effectiveness of the policy's initiatives.

### **2. Scope**

Recruitment and retention payments will be paid to all employees in the relevant post as a separate and clearly identifiable addition to basic pay. It is a post related payment and as such does not relate to the performance, capability, commitment or merit of an individual employee.

Recruitment and retention payments may only be considered where supported by a business case, with the exception of the Recommend a Friend scheme that will require Head of Service approval.

The following are the Council's agreed recruitment and retention payments:

- **Market Supplement payment**
- **Welcome payment**
- **Retention payment**
- **Recommend a Friend payment**

## **2.1 Threshold for considering applications**

- Once the service, in consultation with the Head of Reward & Resourcing, identifies there may be a need for a temporary recruitment and retention payment (having exhausted all other non-pay avenues) an application under this policy may be considered
- When considering making an application under this policy you should be able to meet a number of these trigger points:
  - The recruitment and retention issue directly contributes to an identified major corporate risk (i.e. currently scoring Red or Amber) on the corporate performance system
  - Evidence of all reasonable alternative solutions considered but which would not resolve the problem
  - And at least four of the following:
    - Evidence of sustained unsuccessful recruitment campaigns, including numbers/types of campaigns/events/social media, with advice and support from Recruitment Campaign Leads, evidencing this has not increased the number of suitable candidates
    - Sustained vacancy issues with:
      - Less than an average of 5 applications per advert
      - Less than an average of 4 applications shortlisted per advert
    - Above average levels of continued turnover relative to the size of the work group
    - High level of continued agency usage
    - Flight risk, through workforce analysis and MyPlan/performance development reviews where you can identify a high level of risk within a specific workgroup
    - Exit questionnaire and exit interview data where employees cite pay as the reason for leaving
    - Competitor market data (where appropriate)
    - Evidence of national/regional/local skills shortages resulting in low levels of suitable skilled applicants

## **2.2 Market supplement payment**

- A market supplement may be considered where there is clear evidence that the Council is paying below the market rate for a specific role, or roles and this is impacting the Council's ability to recruit and retain employees.
- A market supplement payment is a temporary monthly payment paid for up to two years and is calculated using comparative market salary data
- The award of a market supplement payment does not change the evaluated grade for the post and is a fixed amount paid in addition to the employee's basic salary
- Market supplement payments are not required to be repaid if an employee leaves the Council's employment

## Public

- Market supplement payments are subject to Head of Paid Service approval who will consult with the Section 151 Officer, Monitoring Officer and Director of Organisation Development and Policy and the relevant Executive Director to inform the decision.
- Where a market supplement payment is due to be withdrawn or changed, all affected employees will receive contractual notice of one month
- Where a post in receipt of a market supplement is regraded following evaluation, a full review and reapplication of the market supplement should be carried out to determine if the market supplement payment ceases or continues at a revised rate. The total remuneration package should not exceed the existing level of pay plus market supplement without further agreement from the Head of Paid Service.
- Self-employed, agency workers and individuals who are seconded into the Council from external agencies are not eligible for market supplement payments

### 2.3 Welcome payment

- Welcome payments may be an appropriate recruitment incentive where the market data does not support a market supplement payment
- Welcome payments are paid as a one-off lump sum to eligible employees on their appointment with the Council
- Welcome payments may also be considered for fixed term posts dependant on length of fixed term contract, providing the eligibility requirements are met
- It is recommended that the maximum amount payable is 10% of the bottom pay point for the identified role/s pay grade
- Consideration should be given to existing employees in the identified employee group receiving an equivalent retention payment, subject to meeting the relevant criteria
- Self-employed, agency workers, relief workers and individuals who are seconded into the Council from external agencies are not eligible for welcome payments
- The payment will be made based on the contractual hours at the employee's appointment start date
- Employees who move to a non-eligible post or leave the Council's employment within the specified period of time, will be required to repay all, or a proportion of the amount. If a recovery of a welcome payment is due, the Council will recover the balance in line with Council's Recovery of Overpayment Policy.
- The percentage of repayment should be proportionate to the initial payment and the eligibility/retention period. A minimum period of completed service of 12 months is recommended to ensure service delivery needs are met. The length of service in the identified post and repayment arrangements should be clearly stated within the terms as outlined in the example below:

## Public

### **£3,000 2-years' service requirement**

<b>Period of service in identified post</b>	<b>Amount to be repaid</b>
Up to 12 months	100%
Between 12 months and 2 years	50%
2 years or more	0%

### **£500 12 months' service requirement**

<b>Period of service in identified post</b>	<b>Amount to be repaid</b>
Up to 6 months	100%
Between 6 months and 1 years	50%
1 year or more	0%

- Welcome payments are made prior to the completion of a specified period of service and are therefore non-pensionable
- All welcome payments are subject to Head of Paid Service approval who will consult with the Section 151 Officer, Monitoring Officer and Director of Organisation Development and Policy and the relevant Executive Director to inform the decision.

## **2.4 Retention payment**

- Retention payments may be an appropriate recruitment incentive where the market data does not support a market supplement payment
- Retention payments are paid as a lump sum to eligible new and/or existing employee(s) on completion of a specified period(s) of time in a post
- It is recommended that the maximum amount payable per year is 10% of the bottom pay point for the identified role/s pay grade
- Self-employed, agency workers, relief workers and individuals who are seconded into the Council from external agencies are not eligible for retention payments
- Payments will be made on a pro rata basis reflecting the weekly contractual hours on the date the payment is due as outlined within the application
- It may be preferable to pay a one-off amount after a set period of time, e.g. 10% of salary on completion of 2 years of employment, or a graduated amount over a 2 year period e.g. 2.5% on completion of 1 year, 5% on completion of 2 years
- Payment is based on the grade of the role being undertaken at the time the payment is made. If the role has a career progression framework then all grades are eligible for a retention payment
- Eligible employees will receive the retention payment following completion of the required period of service
- There is no requirement to repay the retention payment on leaving the Council's employment as the employee will have completed the specified period of service.
- Retention payments are made following the completion of a specified period of service and are therefore pensionable

## Public

- Retention payments are subject to Head of Paid Service approval who will consult with the Section 151 Officer, Monitoring Officer and Director of Organisation Development and Policy and the relevant Executive Director to inform the decision.

### 2.5 Recommend a Friend

- Recommend a Friend payment is a lump sum payment to any employee on Grade 14 or below who recommends an external candidate for a specified vacancy who is subsequently appointed to that post
- The role for which a payment relates to should be a permanent or fixed term position within a specified post
- Each referral payment(s) should not exceed £100
- The referring employee must not be involved in the recruitment process for the post (including Recruitment Campaign Leads and the Recruitment Manager)
- The payment may be made to the referring employee once the employee has been successfully appointed into the eligible post following successful completion of 6 months service in that role
- The referring employee must be employed on a permanent, fixed term or relief basis with the Council
- Self-employed, agency workers and individuals who are seconded into the Council from external agencies are not eligible for the payment
- The new employee must not have previously applied for the same post or been referred by another source (e.g. a recruitment agency)
- Both the referring employee and the new employee must be employed by the Council at the time the referral payment is due. Where either party's contract of employment is under notice of termination, whether given by the Council or the employee, the Council reserves the right withhold the payment
- Only one referral payment will be paid for each new employee. The applicant must therefore ensure that they only include the details of one referring employee on their application form. No referral payment will be made where more than one employee has been named, where an employee's details have not been included or where the employee has been introduced by another source
- There is no limit on the number of referrals that an employee can make and there is no requirement for any referral payments to be repaid if the employee subsequently leaves the Council's employment
- Employees must not advertise vacancies on behalf of the Council but can share postings on social media
- The scheme is entirely discretionary, non-contractual and does not form part of the terms and conditions of employment
- The Council reserves the right to withdraw, vary or amend the scheme at any time
- The payment will be funded from the recruiting department's service budget
- Recommend a friend payments are pensionable

## **Public**

- Recommend a Friend payments are subject to Head of Service approval in consultation with the Recruitment Manager to ensure consistency in application.

### **3. Equality Impact Assessment**

The Council will monitor the overall application of the Recruitment and Retention Payments Policy to ensure that it is being applied in a consistent and non-discriminatory manner. An equality impact assessment will be carried out as part of each application.

The Council will have a defence against an equal pay claim where it can be shown that the difference in pay is explained by a 'material factor' that does not involve direct or unjustified indirect sex discrimination. Market forces have been held in some but not all cases to be a 'material factor'. If an employee recruitment and/or retention payment involves indirect discrimination, it must be objectively justifiable. The requirement is to provide evidence that the proposed payments are a proportionate means of achieving a legitimate aim, identifying the relevant aim. The needs of the Council and service should be identified, confirming why the additional payment is appropriate to achieve the objective and is, therefore, necessary.

### **4. Roles and Responsibilities**

#### **4.1 Head of Paid Service**

The Head of Paid Service will:

- Consider recruitment and retention payment applications including welcome payments, retention payments and market supplement applications
- Consult with the Section 151 Officer, Monitoring Officer and Director of Organisation Development and Policy and the relevant Executive Director on the application to ensure consistency, taking into account cross council implications
- Approves to award a recruitment or retention payment including welcome payments, retention payments and market supplement payments under the terms of the policy for posts with a total remuneration of less than £100,000
- Where the decision takes the total remuneration for a post in excess of £100,000 per annum or where the application relates to the Head of Paid Service the decision to apply a welcome payment, retention payment or a market supplement must be determined by Full Council

#### **4.2 Senior Management Teams**

Service Directors/Heads of Service will:

- Demonstrate the need for the application of a recruitment and retention payment including collection of evidence from recent recruitment campaigns and processes, exit interviews, etc, having satisfied all other non-pay avenues

## **Public**

- Identify comparators and contribute to the provision of appropriate market pay data to establish pay differentials between the evaluated rate of pay and that of competitors
- Provide evidence of market issues, including regional/ national skills shortages, difficulties with occupational groups and the impact and risk to service delivery if the Council is not able to attract suitably qualified/skilled employees
- As part of the application, consideration of equal pay risk to the Council must be given and recorded on the Corporate Risk Register, specifically where the market pay rate is not the key driver for the attraction and retention issues
- Identify any wider impact, including any potential employee relations issues, to employee groups across the Council
- Work with HR Resourcing Managers, and the Equality, Diversity and Inclusion Manager to carry out an equality impact assessment to establish any inequality in relation to gender or other protected characteristics
- Identify funding for proposed recruitment and retention payment
- Submit a recruitment and retention payment application (Appendix 1) to the Head of Paid Service for approval
- Carry out reviews of existing recruitment and retention payments and communicate with the relevant employee groups, as appropriate
- Ensure jobs with recruitment and retention payments are advertised consistently and in the agreed format
- Continually review service requirements and resourcing strategies with the aim of removing the need for recruitment and retention payments
- The relevant Head of Service will make the decision to apply the recommend a friend payment to an advertising campaign in consultation with the Recruitment Manager

### **4.3 Human Resources**

The Head of Reward & Resourcing will:

- Work with senior management teams to identify causes of recruitment and retention difficulties across the workforce and implement resourcing and reward strategies and solutions
- Establish that the evaluated grade of the job is consistent with the current duties of the role
- Support activity to identify comparators and contribute to the provision of appropriate market data to establish pay differentials between the evaluated rate of pay and that of comparators and/or relevant market issues to establish skill shortages/difficulties recruiting to specific occupational groups, etc
- Support activity to identify any wider impact to employee groups across the Council and establish any inequality in relation to gender and/or other protected characteristics
- Review recruitment and retention payment applications and any relevant market data provided prior to submission to the Section 151 and monitoring

## **Public**

officer, liaising with colleagues to agree the mechanics of a recruitment and retention payment to individuals

- Record the outcome of all recruitment and retention payment applications, analyse data to assess success, and ensure, where appropriate, the timely review of existing payments
- Make a recommendation to the Head of Paid Service, if the recruitment and retention payment application has been supported by the S151 and monitoring officer

### **4.4 Legal Services**

The Director of Legal Services is responsible for:

- Provision of advice on the legal implications of applying recruitment and retention payments in relation to equal pay and other equality considerations
- Provision of advice on the relevant departmental risk assessment in relation to recruitment and retention payments including the proposed rate and repayment schedule

### **4.5 Finance**

The Director of Finance & ICT is responsible for:

- Provision of advice on the financial considerations and affordability of proposed recruitment and retention payments to the Council

### **4.6 Trade Unions**

- Recognised Trade Unions will be engaged on recruitment and retention payment applications and reviews, including market data.

## **5. Guiding Principles**

- Recruitment and retention payments will only be paid where a case for payment is fully justified with supporting evidence that the level of salary/current market conditions is creating the recruitment difficulties and that all other non-pay avenues have been considered
- Applications will only be considered via the process outlined in this policy
- Recruitment and retention payments will be payable for a fixed period and regularly reviewed
- Employees will receive written notification of the recruitment and retention payment setting out the full contractual terms
- There is no right of appeal against the withdrawal of, or change to, a recruitment and retention payment
- When seconded to a role (for the full qualifying period) that receives a recruitment and retention payment, the full duties and responsibilities of the role must be undertaken in order to receive the relevant payment

## **Public**

- Recruitment and retention payments should only be paid when justifiable and in scope of the agreed application. Those roles managing employees in receipt of a recruitment and retention payment, not in the scope of the agreed application, should not automatically be increased to maintain pay differentials.
- Where a recruitment and retention payment will not continue to apply for any other reason, e.g. redeployment, payment will continue during the contractual notice period
- Where agreement has been made to remove or change a recruitment and retention payment, candidates already in the recruitment process will be notified during the recruitment process

### **6. Identifying the comparator market and relevant market data**

The comparator market will depend on the type and level of the specific posts or group of posts for which an application for a recruitment and retention payment is to be made.

Consideration should be taken of:

- The employment sector – local authority (unitary/district/county); wider public sector; not-for-profit; private sector
- The geographic labour market – national, regional or local - where are recruits expected to come from and where are competitor employers located?
- The organisations considered to be the main competitors for the post in question
- The size and resources of the comparator organisation (number of staff employed; budget size; functions; population/client base served)

It is important that appropriate (market) comparator posts are identified to ensure the additional cost of paying incentive payments to existing employees and/or new recruits can be justified.

In identifying comparator posts from market data, the posts should be the same, in terms of duties and responsibilities, or broadly similar in terms of the required knowledge, skills and responsibilities. All elements of earnings should be compared, i.e. total salary and wider benefits package. Equal pay challenges may arise where a claimant considers the market data used is not comparable.

### **7. Additional criteria to support the application for a recruitment and retention payment**

The following criteria must be considered in order to support the application of a recruitment and retention payment:

- Evidence of a consistent failure to recruit to a specific post(s) and/or a high level of staff turnover in a specific post(s). Outlining the number of vacancies and why current resources are insufficient to undertake key activity

## Public

- Evidence that different attraction recruitment methods or solutions have been utilised or considered i.e. recruitment campaigns, recruitment events, advertising in relevant media including social media such as Facebook and Linked in
- Analysis of key metrics to evidence the application and the conclusions drawn from the data to support the narrative - turnover rates, agency usage and national workforce data
- Supporting exit interview information
- Evidence of the departmental risk assessment which considers the impacts of not being able to recruit and retain staff in the specified areas, with a particular focus on the significant or substantial impacts on one or more of the following:
  - Public and employee health, safety and wellbeing
  - Community, local economy or environment
  - Provision of statutory or regulatory services
  - Financial risk to the Council
  - Legal risk to the Council
  - Reputational risk to the Council
- Total reward package
- Any other relevant labour market factors, such as regional/national skills shortages, difficulties recruiting to specific occupational groups, foreseeable organisational and/or operational problems, evidence from the outcomes of any inspections/reviews of the service(s) where the need to maintain a stable skilled and experienced workforce is identified as a requirement for improvement, etc.

Pay data is available from local/national advertisements, other local authorities, regional local government employer networks, HR or profession-specific networks, consultants' pay databases, salary surveys and pay settlement data. Evidence to support other non-pay market issues can be provided from surveys, professional body information, journal articles illustrating skill shortages, difficulties recruiting to specific occupational groups, large numbers of advertisements for similar posts, etc.

### **8. Determining amount of recruitment and retention payment**

Payments should be objectively justified with a detailed rationale of the payment calculation and terms. Although the market rate may not be the key driver in all cases, the evidence should show, where applicable, that pay is a crucial factor in the Council's ability to recruit and/or retain employees in the specific job.

For market supplement payments, the amount is normally calculated based on the difference between pay rates of appropriate comparator posts (the market rates) and the Council's grade range for the post, taking account of any additional allowances.

Payments are normally based on the median pay of comparators. However, total remuneration should be sufficient, but not exceed the level necessary, to enable the

## Public

recruitment/retention of employees. Supplements may be based on a rate below the median.

Where the market rate is not the key driver for a recruitment and retention payment, the application must provide evidence and factors that determine the appropriate effective and justifiable level of payment. This must be proportionate and reasonable and within the guidelines outlined within the Policy.

## 9. Payment Details

### 9.1 Market Supplements

Market supplements **will** be:

- Pensionable and subject to tax and NI

When market supplements are reduced or removed during a period of maternity/adoption leave, only the occupational element is recalculated and reduced from the date of the change
