1 Committee's powers and responsibilities

The County Council is the designated administering authority for the Local Government Pension Scheme within Derbyshire under the terms of the Local Government Pension Scheme Administration Regulations 2008.

Responsibility for investment matters has been delegated to an Investment Committee which reports directly to the Council.

The Committee includes members representing Derbyshire County Council, Derby City Council and the Local Government Association (Derbyshire) and has Trades Union representatives as non voting members.

Under the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2009, the Council's Investment Committee has a wide range of statutory responsibilities, including:-

- To appoint managers, advisers etc
- To monitor performance
- To determine an investment policy having regard to:

The advisability of investing in a wide variety of investments

The suitability of particular investment and types of investments

The Regulations require that advice should be taken in carrying out these duties.

- To produce and publish the Fund's Statement of Investment Principles, which sets out the Fund's policy and its compliance with Myners' Principles for Institutional Investment; its Funding Strategy Statement (FSS); Pension Fund Annual Report; Communications Policy Statement and Governance Compliance Statement.
- To ensure that investments comply with the authority's Statement of Investment Principles (SIP)
- To ensure that investments fall within the prescribed limits

The above are statutory duties in compliance with Local Government Pension Scheme regulations. In addition to these core statutory responsibilities, the Committee in conjunction with the Pensions Committee is also subject to general local government law on the way in which it conducts its affairs; to manage potential areas of conflict; and to exercise its duty of care to those who bear the financial and investment

risks of the Scheme. It also bears a responsibility, on behalf of scheme members and beneficiaries, to ensure that the Scheme is managed effectively and efficiently. In more general terms, the Committees are responsible for a wide range of important decisions relating to the management and actuarial valuation of LGPS funds under part 4 of the Local Government Pension Scheme (Administration) Regulations 2008.

Non statutory duties include the following:

- Non-routine matters
- Investment decisions relating to direct property investment and unquoted investments such as private equity and infrastructure
- Voting decisions not covered by voting guidelines

2 Regulations

The investment of the Fund is controlled by regulations issued under the Superannuation Act 1972. The current investment regulations are contained in the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2009.

3 Committee Membership

The committee comprises the following:

- 7 County Councillors
- 2 Derby City Councillors
- 2 Councillors representing LGA (Derbyshire)
- 3 Trades Union representatives (non voting members)

The actual membership is determined at the start of each financial year. The County Council representatives reflect the political balance of the Council.

4 Statement of Investment Principles

The investment of the Pension Fund will be carried out in accordance with its Statement of Investment Principles (SIP), a copy of which is published on the County Council's website.

5 Other Policy Statements

In addition to the SIP, and the Investment Committee's Business Plan, the following documents are also published on the council's website:

Funding Strategy Statement
Annual Report
Governance Policy/Compliance Statement
Communications Policy Statement

6 Investment Committee Objective

To invest the Pension Fund with the aim of maximising its returns subject to an agreed level of risk and having taken into account the Fund's liabilities and its projected cash-flows.

7 Targets

The Fund's targets are as follows:

To beat the actuary's long term assumptions of returns (currently an investment return of 6.5%pa)

To outperform the Fund's benchmark index return by ¼% over 1, 3, 5 and 10 year periods

The Fund's current benchmark index was introduced on 1 April 2009. Comparisons for periods prior to this are against the former benchmark, for the period from 1 April 2004, and prior to that against Local Authority average returns.

8 Performance measurement

Investment performance is calculated independently by the WM Company on a quarterly basis. Results are considered by the Investment Committee as they become available and are reported to Fund members on an annual basis as part of the Annual Report.

9 Schedule of meetings

Investment Committee meetings are held quarterly. For 2010/11 meetings have been arranged for the following dates:

7 June 2010
6 September 2010
6 December 2010
21 March 2011

The Pension Fund's Annual General Meeting is to be held following the publication of the Annual Report at a date yet to be arranged.

10 Work programme

The committee's work programme for the coming year will be as follows:

(a) Business Meetings

At each meeting

To review the current economic background and recent investment market returns.

To review the Fund's asset allocation, investment activity since the last meeting and the current investment portfolio.

(f) Currency Hedging

Currency hedging is undertaken to protect the Fund's holdings of overseas bonds from the effect of currency fluctuations. The Fund maintains a list of suitable counterparties with whom it enters into forward sale contracts of the relevant currencies so that any rise or fall in the value of bonds due to foreign exchange movements is offset by an opposite movement in the value of the forward exchange contract. In line with normal practice, the hedge covers only part of the value of the bonds in order to allow the Fund's managers the flexibility to sell/switch bonds without having to unwind the forward sale contract. Transactions are either with the Fund's counterparties using its broker:

King & Shaxson Capital Ltd
Candlewick House
120 Cannon Street
London

or with the Fund's custodian:

BNY Mellon

17 Audit

The audit of the Pension Fund is undertaken by the Council's Audit Services Section and externally by the Audit Commission.

18 Projected cashflow

Projected cashflow is as follows:

	2008-09	2009-10	2010-11	2011/12
	Actual	Forecast	Forecast	Forecast
	£000	£000	£000	£000
Contributions less benefits	44,355	33,600	36,600	37,500
Investment income	68,896	62,000	65,700	70,000
TOTAL	113,251	95,600	102,300	107,500

The above figures have been estimated using the Fund Actuary's assumptions for salary increases, pensions increases, inflation and investment returns. Actual figures could differ widely from the estimates should the assumptions prove to be inaccurate or the Fund's asset allocation be varied significantly.
