

2020 COVID Staff Health Survey

We are currently looking at how we support those employees who have been defined as being vulnerable by the Government, particularly those who are over 70, have underlying health conditions that mean they require the flu jab, are pregnant and / or have relatives at home who may be in a vulnerable group. We will then be using the information to provide guidance to colleagues.

Please complete the survey by Monday 23rd March.

If you have any queries about the survey please email: occupational.health@derbyshire.gov.uk

Please hand in your completed form to your line manager if possible.
